

# The RAM'S HORN

Rotary Club of Borrego Springs  
POB 1593 Borrego Springs ,CA 92004

February 1, 2012

## President's Time

Our duo of Laura and Martha did the invocation and pledge. Member report on tickets were 91 committed with 59 to go. Way to go club. Now let's not forget auction items, Please call me or email when you have an item (s) @5387 or av8r-ray@znet.com.

The latest report on the OQ Center is the internet connection is expected this week.

A special thanks to Bill Lewis for a great pot luck last Sunday.

Bring a Friend*

## Kate Harper-Who Am I

Saginaw, Michigan divided by the Saginaw river, with Zilwaukee to the north and Wilkes to the south and known for its conservative population and is also known as the birth place of Kate Harper.

Kate told us she grew with conservative parents As a young girl she dreamed of being the first female president of the United States. As she grew older she thought law might be her calling, but she

found her true love to be Biology.

Kate attended the Univ. of Michigan and later transferred to the University of California at Berkeley where she graduated with a BS in Biology. She met her husband and they had a daughter and a son. While the marriage didn't work out her relationship with her children remained strong. Unfortunately her daughter died after a short illness at the

age of 25. Kate's son lives in the San Diego area and she is able to visit often.

Kate has also developed a consulting business helping companies organize and grow their business.

Kate said she hopes to help Rotary to be a stronger supporter of Borrego Springs and the local area.

Welcome Kate to the Borrego Springs Rotary and our community.

*make your club better?*

## COMMITMENT

### Special Thanks

President-elect Bill Lewis  
and his Rotary-Ann were  
outstanding hosts for the  
club's social pot luck. All  
agreed the club needs to  
plan more club socials.  
Remember to sell those  
tickets. Time is short.

Raffle Winner-

**DONNA NOURSE**

## CONTRIBUTIONS TO THE RAM'S HORN

Have you ever thought about the changes in your lifetime? Remember VCRs, Ham Radio amateur radio operators, cameras that used film, Drive-in Theaters and Analog TVs?

Many of these items disappeared in just the past few years. It looks like hand-written letters may be next. (The USPO has just increased the first class stamp from .44 to .45

cents. What about the penny? It now costs more than a penny to mint one. How about the piggy penny bank?

Growing up on a family farm used to be very common. Today there are fewer and fewer family run farms. To survive farms have become large corporate enterprises.

On the plus side of progress medical ad-

vantages have helped us live longer, retirement and leisure living has become common. Today it is common to drive in our cars 500 miles or more in a day. Watch a movie while driving in a car & more.
