NOTES FROM THE SCRIBE:

President Scott has given up trying to keep score. Now we've either been providing service to our community and world for 81 years and 258 days, or 81 years and 247 days! You figure it out! Bob Watson rose to give bifurcated invocation and the Scribe managed to introduce the three monosyllabically named visiting Rotarians. The officers and board of the Rotary Club of Coronado would like to wish you and your family a Happy Thanksgiving.

STOP! READ NO FURTHER! Go immediately to your "bills to be paid" or "things to do" pile and get your Rotary bill for your Rotary dues and pay it today! Here are the rules: Rotary dues are an obligation. Fines and Recognitions are voluntary. There are 50+ Coronado Rotarians who have forgotten to pay their annual dues. If you're one of the forgetful ones please unforget today. You can give the Rotary office your credit card number and instructions and this will be done automatically every July. But, it has to be done as we run the club on this money and owe Rotary International a per capita amount, and it doesn't compute if you're counted, but we don't have the money to send to RI.

## PROGRAM

Now pinch-hitting for a program on AIDS will be our own **Jim Laslavic** for something much more fun, Sports! The Cliff Notes version: The Chargers suck, USC is the greatest program in the history of college football, and ESPN is the worst thing that has ever happened to sports. Upon further review, SDSU could use a break. They just need to start winning some and re-learn that culture. Look for the Southern California Chargers of Anaheim if no new stadium can be built in San Diego. And, you know they're in trouble when Shawn Merriman gets knocked on his rear-end by a gutty little bruin. Jim's final recommendation for the Chargers: Bring back Marty Schottenheimer as "executive" head coach in charge of RAH-RAH. Norv Turner will just calls plays.
