### NOTES FROM THE SCRIBE:

Concert in the Park was last Sunday, so summer is officially on! **President Steve** announced our historical Rotarian as Walter Scheel; former Vice Chancellor of Germany, Rotary Club of Bonn am Rhine. **Derek Witt** was our Rotarian of the Day, but you wouldn't know it since we forgot to invite him up for his Who Am I? **Walt Heinecke** introduced our visiting Rotarians including one from London, England who was so enamored with our Rotary Reyn-Spooners that he bought Frank Green's. **Cecily Kelley** bought at auction two Premier Box tickets to see the red hot Padres battle the Brewers tonight. Many thanks to **Don Penniall** for donating the ducats.

### ROTARY NOTES OF INTEREST and ANNOUNCEMENTS

1. The Rotary Flags on Orange Avenue looked great. The new flag holes made it a snap. Thank you **Bill Gise** and **Bob Watson**.
2. If you have any old Rotary directories or Corotators that you're not using, the office could. Please turn them in for safekeeping.
3. Chris Brobeck and Roger Anderson were "Special Guests" today.
4. The following members are reminded that they have open invoices for golf raffle tickets, seminars, sponsorships, pancake breakfast tickets, logo wear, recognitions, or membership dues for Rotary year 2004-2005. PLEASE, it is very important that these invoices be paid ASAP so President-elect Bill, Treasurer Vernie Welch, and your board of directors can accurately budget for the Rotary Year 2005-2006. Bring your checks to the next meeting, drop them off at the Rotary office, or mail them in. President Steve would like to ask the following Rotarians to check their bill piles for Rotary invoices. To protect the true identities of the culprits only initials are provided here: **JA, DA, JA, M A, BB, RB, CB, BC, DC, RDL, LD, PF, BF, JG, AG, KG, BG, MH, MH, TH, DH, MJ, DL, EL, SMcN, SM, RM, AM, AM, JM, HN, DO, MP, CP, FR, JR, KS, BS, BS, DS, PT, DU, JV, LW, DW, MW, JW, SZ and ZZTop!**
5. It was **John Ovrom's** fault President Steve missed **Ted Runyon's** service. When in doubt, blame the contractor!
6. **Langdon Smith** introduced Lisa Hines who introduced the new Coronado Library Bookstore. "Open 24/7 when the Library is open." Langdon will have to explain that one, but it goes a long way towards explaining why they're soliciting for help from anyone with any business acumen.

### ROTARY ANNOUNCEMENTS FROM PAST WEEKS

Because we will need a quorum at that meeting please be sure to attend. That is CHS Awards Day so please come and support our CHS student athletes.
- D. **Jane Simeral** is still looking for more volunteers for the Low Tide Ride & Stride. This event is envisioned as an "all hands event." Also, mile markers are still for sale for \$100.

- F. Return President-elect **Bill Sandke's** form for next year's time, talent, and treasure pledge.

## FAMILY OF ROTARY

- **Tony Prete** has a new pacemaker while he waits for a new heart. Tony would appreciate cards as you're killing him with kindness with the phone calls. The scribe can report a **Tony Prete** sighting. He looks great and is as ornery as ever.
- **Jack Moreno** is still recovering at Fredricka Manor. He would enjoy visitors so if you find yourself in Chula Vista, drop in. He's in room 313. And, would someone please take him a sandwich.

1. **Mike Woiwode** owned up to a major article about him in the San Diego Business Journal. Now he has to own up to his outstanding Rotary bill.
2. It couldn't be in the genes. **Dan Hutchison's** son has been selected for some MTV dating game. I'm sure it's programmed on everyone's TIVO.
3. **Dwight Settles'** daughter won third place in the Hawaiian Tropical Tan beauty contest.
4. **Paul Payne** was recognized for his three years in Coronado Rotary and, more importantly, for his over 40 years in Rotary International.

## PROGRAM

Laura Plumb, who claims some acquaintance with our own **Brad Willis**, and her colleague, Tom Stone, presented a program on Organizational Dynamics and Human Software Engineering. No it's not cloning, but they do turn the equation upside down. Instead of designing computers to emulate human reasoning, they're attempting to design human behavior by emulating computers. I'm not sure this is a cultural upgrade. They attempt to address why companies fail by studying the conflict between what we want to do and what we need to do. I WANT to go bike riding, but I NEED to work. They did give us some pretty stark examples of business failures due to a lack of decent Human Software, including ENRON, Chrysler, Rubbermaid, and Motorola. Strangely, they left out the City of San Diego, the UN, and France. But, we assume their techniques would work there as well. If your company would like to learn more you could talk to Brad and I'll bet he knows how to get in touch with his wife.

**RAFFLE:** You know them, you love them, and you can't live without them --buy raffle tickets weekly.

***The difference between "ordinary" and "extraordinary" is just a little "extra."  
Now go out and be EXTRAORDINARY!***
