NOTES FROM THE SCRIBE:

President Tim opened the meeting with stats: 105 years of Rotary, 84 years of Coronado Rotary, 53 members on Facebook, and 115 Rotary shirts sold, including the five **Lionel Rowe** bought to sell at the swap meet. **Bob Schultz** gave the invocation, led the Pledge, and then tried to lead the singing of "Don't Fence Me In." How about, "Don't Sing Me Songs I Don't Know?" Past-president **Al Ovrom** got to introduce our eight visiting Rotarians. **Ken MacLeod** captured another one! **Mike Privett** brought his daughter Sally who's off to UC Davis this fall.

Rotary Notes of Interest & Announcements

- Rotary Night at Lawn Bowling! August 19 at 6:00 p.m. at the Lawn Bowling Rink. **Bill Hiscock** will be giving private lessons to **President Tim**; everyone else can figure it out for themselves.
- **President Dan'l** ? Who's he? In his first month **President Tim** has already attended more meetings than past-president **Dan'l Steward** did all last year! **Mary Griffin** still goofed up the names. But, she's so nice and the Rotary Relay for Life team raised \$5,000 to fight cancer.
- **Mary Griffin** is a fast learner and finally learned who our president is. Just in time to present a \$6000 check to Thousand Smiles and Kim Muslusky. Thousand Smiles is celebrating its 25 th anniversary and during that time Dr. Jim's organization has fixed over 1500 cleft palates.
- September 8 will be Coronado Rotary Night at the Padres. It's against the Dodgers, that's the good news. The bad news is that **Ross White** is the organizer so expect Rotary Night at the Opera redux.
- **President Tim** recognized **Suzanne Popp** for her work with Missionvale, with Malawi, as a GSE team leader, as Interact chair, as a Rotarian of the Year, and as the first Coronado Rotary president with shaved legs.

News From Past Meetings

- Rotary Board meetings have been moved to the THIRD Tuesday of each month. Same time, same place (the world headquarters of the Gensler Group at 4:30 p.m.).
- Rotary Day at the Races will be August 21. It's a Saturday so see **Bill Sandke** if you want to attend. Bonus! **Bob Kipperman** and **Megan "The Megan" Richmond** will be social directors, so hang on to your hats!
- Coronado Rotary joins the 21 st century! **Gloria LeBlanc** has set up a Coronado Rotary Facebook page. Facebook is a social network so you can use it for all sorts of things and if you're in doubt,

ask Gloria.

- Want to go to South Africa in December? **Dan Gensler** is putting together a trip to coincide with the arrival of all the shoes that are being donated.

The Family of Rotary

Please contact **Law Barnum** at 435-8096 or 316-9875 or lewb3@sbcglobal.net for updates and information.

Chip Garry's back in the hospital as his infection didn't quite go away as we thought. **Joe Rizza** was back with us at Rotary today.

FINES & RECOGNITIONS

- **Lionel Rowe** bought five Rotary shirts last week, but couldn't find one to wear to Rotary today! Check the local swap meets. The fine came in at \$20 per shirt. You do the math.
- There was a very nice multi-page article in the about **Walt Heinecke** restoring his historic homestead. That cost him \$50, but it's nothing compared to what he'll save after his home gets Mills Act status.
- Did you get invited to the wedding of the century? Neither did we. Neither did **Ron Beaubien**, but Ron's son Brady did.
- **Dan Runyon** allegedly has a very smart and talented son. He can't be that smart if he's thinking of Notre Dame. **President Tim** gave Dan an ND license plate frame assuming that would be sufficient to lure Kyle to Notre Dame. Dan is still holding out for Chico State, the Harvard of the northern third of the state.
- In case you missed the latest episode of "Coronado Girls Gone Wild" you can catch **Heidi Nevitt** on her next birthday pub crawl. \$29
- We're not sure how happy **Don Penniall** is to share his birthday with the current Leader of the Free World, but he's \$82 happy that President Tim didn't announce his age.

PROGRAM

Suzanne Manuel introduced Robert Frimtzes who told us about his book, "From Tajikistan to the Moon." Mr. Frimtzes grew up in a part of the old Soviet Union that was down by Romania. He had a difficult time right from the get-go as he spoke Russian and the predominate languages in his kindergarten were Yiddish and Romanian. As if that weren't bad enough, the Nazis invaded and started bombing his village. His family escaped and traveled by foot almost 3000 miles so they could settle in a mud hut in Tajikistan. His book is a tale of overcoming these hardships, working his way back to Europe and then to America where he completed college and helped design much of the hardware used on the moon in the Apollo project. Only in America!
