29 June	President's Roast	Les Arndt
30 July	Coronado Rotary Night at Petco	

NOTES FROM THE SCRIBE:

A full house was in attendance in anticipation of a great Rotary Day. Philip Wiley was our historic Rotarian. The Middletown, CT., Rotarian was a prolific writer, one of whose characters was the inspiration for Superman. Rotarian of the Day, **Bob Campbell**, led us in the invocation, and the moronic scribe introduced a gaggle of visiting Rotarians.

NOTES OF INTEREST:

1. Bruce Ives, Chris Probeck, Steve Berman, and Roger Anderson were "Special Guests" today. Please make a point to meet these fine individuals as they are being considered for invitation to join Rotary.
2. Don't forget that all your committee meetings count as make-ups. Just email Megan or Sharon at the office and let them know. It's a Four Way Test deal. We could use the attendance credit.
3. DG Sandy Rimer will make her record-breaking third visit to our club on May 4 to present her new "Rotary Circle of Life Awards."

4. **President Steve** presented our April Good Egg Award to Aida Diaz, head of the Coronado Adult School and ROP. Aida was a huge help in the Rotary Job Fair last month.
5. Our Rotarian of the Day, **Bob Campbell**, hasn't done much in his life. Since he didn't get into USC he was forced to go to Princeton and then pick up graduate degrees from Carnegie Mellon and MIT. He recently retired as Chairman and CEO of SUNOCO (Sun Oil Company) and now sits on the boards of seven public companies including Hershey Chocolates (a good man to know!). Welcome aboard Bob. It's nice to have another underachiever in our club.
6. **Gerry Easton** inducted our two newest members, **Derek Witt** and **Bill Dodds**. Derek was sponsored by **John Ovrom** and works for Intel. Bill was sponsored by **Jeff Alison** and is of Development at the Hotel Del and will oversee the upgrade of the hotel. By the way, Bill is also a Trojan in good standing following extraordinarily important posts:

CHAIRMEN WANTED

The Rotary Club of Coronado has unlimited opportunities for you to serve, and now it's time for some "new blood" to step up. Please contact the current chairs or **Bill Sandke** for information. We have openings for the following extraordinarily important posts:

1. **Pancake Breakfast Chair. Bob Watson** passed the baton to **Roger Boomer** and now Roger is ready to pass it on. Knowledge of the restaurant business NOT a must.
2. **Program Committee Chair.** We have such great programs and it is because of a dedicated team of volunteers. We need a new chair as **Dan Knop** is declaring victory and moving on. We also need ten more volunteers (we already have two) who will each take a month to provide programs.
3. **Limbs for Freedom. Dan Gensler** has been nominated for President-elect and therefore needs to pass the torch on Limbs for Life. Great psych rewards are available.

You will find Rotarians in many exciting places!

ROTARY ANNOUNCEMENTS

- A. Surprise! Surprise! The Annual Pancake Breakfast was a huge success and EVERY ticket was sold! We served just short of 1000 breakfasts.
- B. **Wes Harris**, co-chairman of the Rotary Relay for Life Team, is looking for volunteers to help out on June 11 at Coronado High School. Contact Wes at 435-2811.
- C. June 28 is the Governor's Dinner where the torch will be passed to our own **Bob Watson**. The celebration will be held at the La Jolla Marriott with **Bill Sandke** playing a major role.
- D. **Jim Gallagher** is looking for a few good men and women to help with the 4th of July float.
- E. Limbs for Freedom will take their next trip to Ensenada on June 4-5. Don't forget that we need some new coordinators for this important project.
- F. **President Steve** announced that the Board voted to elevate the Foundation Chair to full

- membership on the Board of Directors. Congratulations to **Rob Jones**, our first Foundatic Chair on the Board.
- G. April 30 is Rotary Arbor Day tree planting. Meet at Spreckel's Park at 8:30 a.m. for coffee donuts, and shovels. **Bill Sandke** is back in charge.
 - H. **Miko Peled** has reported that the Wheelchairs for the Holy Land project is going quite well and he has special pins for all who have donated. He also announced a Rotary District 53 trip to the Holy Land at two times later this year. Contact Miko for details.
 - I. **Mary Ann Berta** will lead the Rotary sommeliers for wine tasting in Temecula on May 21. The bus will hold 50 and the price is a measly \$75.
 - J. The Family of Rotary Care and Concern Committee also has a Family of Rotary Assist Tea that will be available to help Rotary widows and widowers with some of the confusing details that arise when a spouse passes. If you have some expertise you'd like to contribute please see **Ginger Cox**.
 - K. April is By-Laws Month.
 - L. April is also Invoice Month where you will be billed for any unrecognized pledge or imputed pledge. Please move these bills to the top of the stack, as we need to know how much we have to spend on the scribe next year. Just seeing if you're reading. The Club only spends next year what we've raised this year. So, return those pledges.
 - M. April is additionally Rotary Centennial Service Month and **President Steve** would like you keep track of all the hours you commit to Rotary during the month of April. Just jot the times and events down weekly and leave them in the white Rotary mailbox.

CORONADO ROTARY CARE AND CONCERN COMMITTEE – The Family of Rotary.

Jan Haines passed away last Thursday. Rotary's thoughts and prayers are with her mother and daughter at this time.

RECOGNITION AND SHARING

We were on a short time window so **President Steve** went easy on us. And, besides, invoices are in the mail!

Program

Steve Haley introduced his friend and SDSU professor Pat Abbott for a very lively discussion on earthquakes, volcanoes, and tsunamis. There was so much information given out that we can apply for 3 units of graduate credit! Before the scribe had to leave to attend a funeral we learned that "tsunami" means, "port wave." That the interval between waves is more important than the height of the waves, that tidal waves are not the same as tsunamis, and that asteroids hitting the ocean cause bigger waves than earthquakes. You'll have to figure out what chance Coronado has of sinking under a tsunami for yourself or talk to a Rotarian that stayed for the punch line.

RAFFLE: It pays to play! So, step up and get in the game.

***The difference between "ordinary" and "extraordinary" is just a little "extra."
Now go out and be EXTRAORDINARY!***
