Announcements:

President Keith announced that unfortunately Dr. Steve and Bob Streelman have resigned from the club. Steve's dental practice has become so busy that he has been unable to break away for our meetings with any regularity and Bob's health problems have prevented him from attending regularly also. Hopefully things will change in the future that they will be able to rejoin us. They will be missed.

Scott Cadwallader reported on our Day at the Races, which was held last Friday, Aug 13. Turn-out was lower than expected, primarily due to some last minute cancellations. Unfortunately the club had to pay for the unused tickets. Those present enjoyed themselves, as attested to by Dave Jones. He and Connie came close to breaking even for the day, which was almost as good as

Bell Notes

winning. He encouraged members to support this endeavor next year, as it is a chance for us to get together socially and have a good time.

We have a couple new Paul Harris Fellows—Shawn Grover’s boy AJ and Ray Schmidt’s girl Isabella. There were no presentations made however.

My Special Weekend

Scott Cadwallader shared with us his special weekend, beginning with our Day at the Races Friday afternoon and then continuing with a West Point Thoroughbreds party at Fairbanks Ranch on Saturday, at which he got to rub elbows with some of the jockeys, trainers and owners as well as his West Point partners.

Happy Dollars:

Our apologetic president Rob gave \$5 for keeping us waiting today. His excuse was getting out of a meeting late at work and then speeding over here from Escondido.

Knox Williams parted with \$43 in honor of the 43rd anniversary of his 39th birthday.

Lee Russell contributed \$50 in recognition of his and Jackie’s 50th wedding anniversary.

Dean Cheatham gave \$25 for being able to be called Grandpa. Simon was recently born to Dean’s son Ben (who visited us several times during tax season) and his wife back in Maryland.

Keith Brentlinger contributed \$10 in honor of his son who won a \$1000 scholarship to Mira Costa.

Jerry and Sue Gleiforst are hot on the heels of the Russells and Jerry gave \$40 for their 40th.

Program:

Paul Pierce, Jr., an attorney in Carlsbad and a member of Encinitas Rotary Club as well as an Assistant Governor for District 5340, educated us about the LEAD program. Paul is the District coordinator for this program. LEAD stands for leadership, ethics and determination. It is a two day leadership conference for eighth grade students held at Camp Palomar. Last year 86 students from 43 middle schools throughout the Rotary District attended. This year the conference will again be held at Camp Palomar on the weekend of Sept 25-26. We sponsored students from Lincoln Middle School in Oceanside last year and will again this year. It is similar to the RYLA conference for high school juniors held in the spring except the students attending LEAD are chosen by their teachers, whereas the RYLA participants are chosen by committees of Rotarians. The students attending are taught fundamentals of ethics and leadership according to Rotary principles and are encouraged to become active in Interact clubs in high school. Kate Winzenburg Rubalcaba is coordinating LEAD for our club. Contact her if you would be available to act as a chaperone for the weekend or if you have any questions about LEAD.

50/50 drawing: \$23 won by Lee Russell, reducing his net loss for the day to \$27.

Meeting adjourned: 1:30 pm

Submitted by: Dr. Bill Davis
