

San Marcos Rotary Club
Jan. 17, 2008

Who said Rotary is dull and boring? San Marcos Rotary can prove them wrong! What an hour of laughs today. Irv Erdos, journalist with the North County Times was our speaker and boy did he keep everyone awake. If you ask Irv what his career is, he'll ask you which one? Irv does a number of different things, but really loves his comedy act. He writes for the North County Times and does some Stand Up every so often. With Irv in the house it's a good thing Dick had a good joke this week. Good job Dick, we always enjoy your efforts!!

Guest day is next week! Grab someone and bring them in. Speaking of guest's, we had Elwood from Florida visiting us and he has had perfect attendance for the past 35 years. Wow, now that's something to shoot for! Other guests included Melanie and hopefully I'm getting this right, Wulf?

So we are still in search for President Elect. Has anyone presented names to Bill? One suggestion was to move lunch to 12:30 so Nancy can make it in time? She would be in her "Leathers" still, but I'm sure most of us wouldn't mind, would we?? Let's work on this matter as a team to figure something out before Bill's term is up!

Team Leaders, how are ticket sales on Reverse Lottery going? Have you checked in with your team lately? Amada would appreciate an update by next week. Plan on sitting with your team for next week's meeting as well.

Another Baby on the way! Congrats to Sam & Natasha Beckett on the announcement for number two. At the rate we are going with new babies, we should have no problem getting young blood into Rotary!!

That's all for now, I hope everyone has a wonderful 3 day weekend (well for some) and see you all next Thursday. Oh yeah, Dwight, when are you getting rid of that Red Badge?
