

The District Membership Team is here for YOU!

The Membership Team assists clubs in ongoing recruitment, education and retention of a Rotary Club's membership. Our ongoing mission is to support the Membership Chair in various ways to ensure that every Rotary Club has the tools and knowledge necessary to maintain a growing and thriving club and to sustain your membership level.

New in 2010 – 2011!

We have introduced an exciting new District position to serve on the Membership Team: **Membership Mentor!**

In concert with the District Governor and District Membership Chair, Membership Mentors will work directly with each of the club's membership chairs in establishing membership goals, providing membership resources and tools and maintaining communication regarding membership recruitment, retention and extension.

Duties:

- Establish relationship with each assigned club Membership Chair
- Assist District Membership Chair in providing membership tools and resources to assigned clubs
- Assist assigned clubs in setting membership goals
- Identify and develop club membership development strategies and best practices

District Membership Mentors are there to share knowledge, experience and best practices with clubs that are experiencing membership growth issues. Do not hesitate to call on any of us, when you have a question or want to share ideas that might help other clubs.

We are here to serve you!

Rotary District 5340 Membership Chair
